

Online Store Maintenance and Support Authority

Modern websites have many users working on them in various areas. One party must be in charge, responsible for the installed components, user access levels, and ongoing Maintenance and Support (herein M&S).

If I elect to hire Coded Commerce, LLC to be in charge of my online store M&S, then I agree to the following added terms and conditions:

- I grant sole website Administrator access to Coded Commerce, LLC.
 - I may hold an Administrator credential for backup use only.
 - Myself, all staff and assistants will use a Shop Manager user role or lesser to prevent access to the higher risk theme, plugin, settings areas.
 - Should my business require additional Administrators, Coded Commerce, LLC will, at my expense, oversee and collaborate with any chosen third parties prior to and throughout their involvement.
 - I grant Coded Commerce, LLC the authority to demote any user who proves unworthy of their access level at any time.
 - I understand that violating these terms will cease Coded Commerce, LLC's maintenance services and limits the scope of support.
 - I may terminate this agreement in writing or email at any time.
-
- I accept the above terms and conditions granting M&S authority.
 - I will be in charge of my website or have a third party do so.
